DETAILED ACTION

Allowable Subject Matter

1. Claims 1-21 are allowed over prior art of record.

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance:

Claim 1 allowed for the same reason that set forth Paragraph 8 of the Office action that was mailed on March 7, 2007.

In addition, the prior art of record neither anticipates nor renders obvious the claimed subject matter of the instant application as a whole either taken alone or in combination, in particular, prior art of record does not teach "wherein the semiconductor body is formed as a thin layer of a semiconductive material that is separated from a temporary substrate by means of an electrically insulating layer; and attaching the substrate onto a side of the semiconductor body opposite the electrically insulating layer, whereafter the temporary substrate is removed," as recited in claim 14.

Claims 2-13 and 15-21 are also allowed as being directly or indirectly dependent of the allowed independent base claim.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
